Challenge met.

Camp Susan Curtis does not have our own transportation so getting the children from their homes to Camp often requires a complicated web of partnership and coordination. This summer proved no exception in transporting the children of Washington County. While tight budgets meant the Lubec Schools could not afford the expense of providing transportation for their children, and transportation is typically impossible for the families in Washington County communities to accomplish alone, there was "no way" Penny Laskey of Lubec Consolidated would allow any of the referred children to go without the life-changing experience that is Camp Susan Curtis. She promptly got to work hosting bake sales and seeking support from generous people in her local community. And it worked.

As of yesterday morning, the children of Washington County are covered for transportation to and from Camp Susan Curtis. We are immensely grateful and very impressed by the Lubec community! Thank you for your support and for being part of the team changing lives at Camp Susan Curtis.

To learn more about how you can advocate for and support children in your community, contact us at info@susancurtisfoundation.org.

Are you between the ages of 25 and 35? Want to make a difference in a child's life while relaxing in Portland? **Join us this Thursday, June 18**
